The training was really informative and brought in lots of different perspectives on inclusivity. I liked that the creative, hands-on activities got us out of our seats, moving around and making things. It made the session feel much more engaging and helped the learning stick.

After the training, I feel inspired and more confident to create an even more inclusive space for anyone that comes through our doors in the future.

TESTIMONIALS

The training positively changed our organisation and team for the better. Everyone left feeling uplifted and inspired, with practical inclusive ideas and approaches to put into action, as well as a renewed sense of pride in the work we are doing and how we can continue to elevate it further.

Amy Tickner

Education, Outreach, and Cultural Engagement Officer,
Hounslow Arts Centre

The training was invaluable for our staff. It gave them a much-needed safe space to discuss the complexities of inclusive practice with the support of experienced Angel Shed professionals. Most importantly the staff were able to leave the session having discovered and formed concrete techniques and strategies to implement.

Timothy Chaundy

Curriculum Leader, Capital City College

The training was amazing and gave me a fresh perspective on curriculum planning, leaving me feeling inspired and empowered with a practical toolkit of resources. It also brought my staff team onto the same page, creating a shared vision and approach that will have a lasting impact on how we work together.

Steven Kavuma

Course Leader, University of the Arts London

A very warm, informative and thoughtful day of training. The whole team commented on how much we learnt in such a short amount of time. We left with practical elements we could implement straight away and some more long-term thinking to support our inclusivity model. I would (and have) recommend the training to any organisation!
